

Checking understanding of similarity

- 1 A property of a shape is _____ if that property has not changed after the shape is transformed. (Fill in the blank)
- 2 A shape is being enlarged by a scale factor of 4. One vertex is 3 cm from the centre of enlargement. Its corresponding vertex on the image will be _____ cm from the centre of enlargement. (Fill in the blank)

- 3 Sofia is enlarging the shape by a scale factor of 2. Which vertex has Sofia plotted incorrectly? (Tick 1 correct answer)

- ☐ A
- ☐ B
- ☐ C

- 4 A parallelogram is enlarged by a scale factor of 3. Which of the following measurements will remain invariant? (Tick 1 correct answer)

- ☐ The angles.
- ☐ The length of its base.
- ☐ The length of its height.
- ☐ The length of its slope.

5 The two triangles are similar. The value of x is _____.

6 A triangle has a base of 6 m and height of 2 m. A similar triangle, in the same orientation, has a base of 15 feet. Its height is _____ feet. (Fill in the blank)
