

Interpreting pie charts

- 1 120 people were asked: "what do you most frequently drink whilst at work". The results will be placed in a pie chart with a total of 20 pre-defined sectors. How many sectors would represent water? Tick **1** correct answer

	frequency	sectors
total	120	20
water	72	
milk		4
other		

☐ 3.6

☐ 6

☒ 12

☐ 72

☐ 360

- 2 120 people were asked: "what do you most frequently drink whilst at work". The results will be placed in a pie chart with a total of 20 pre-defined sectors. How many people voted for milk? Fill in the blank

	frequency	sectors
total	120	20
water	72	
milk		4
other		

24

- 3 A large set of information is collected and represented in a pie chart of 30 equally-sized sectors. Each sector represents a frequency of 40. What is the total frequency of this dataset? Fill in the blank

1200

4 Which of these words is not an essential feature of a pie chart or the calculations required to construct a pie chart? Tick 2 correct answers

- ☐ radius
- ☐ sector
- ☒ linear
- ☐ frequency / value
- ☒ pi (π)

5 The incomplete ratio table shows a dataset being converted into angles to represent each subgroup as sectors on a pie chart. Match the letters to the correct missing values. Write the correct letter in each box

	frequency	angle
forest	30	90
river	18	<i>d</i>
field	44	<i>e</i>
other	28	84
total	<i>a</i>	<i>b</i>

c

a	a
b	b
c	c
d	d
e	e

<i>e</i>	132
<i>d</i>	54
<i>b</i>	360
<i>c</i>	3
<i>a</i>	120

- 6 The incomplete ratio table shows a dataset being converted into angles to represent each subgroup as sectors on a pie chart. Find the value of angle a , in degrees. Fill in the blank

	frequency	angle
white	336	
wholemeal	440	a
granary	214	
total		360

160
