

Name: _____

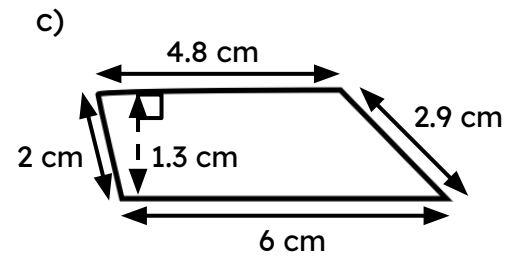

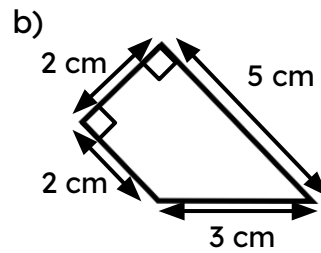

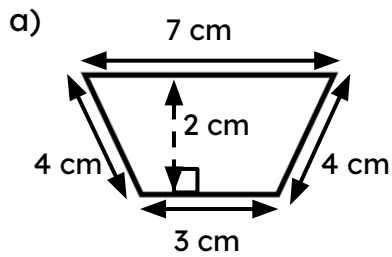

Calculating missing side lengths from the area of a trapezium

Task A: Calculating the area of a trapezium

$$\frac{(a + b) h}{2}$$

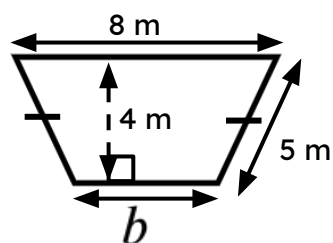

1) Calculate the area of each trapezium.

Task B: Finding a missing side length using the area

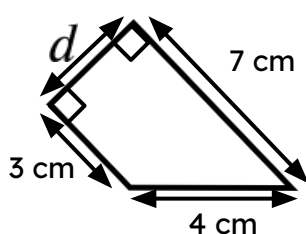

1) Calculate the length of the marked side and then, if possible, calculate the perimeter.

a)

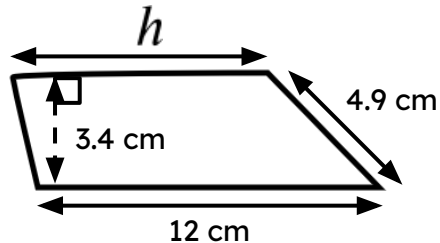

Area = 22 m^2

b)

Area = 10 cm^2

c)

Area = 32.64 cm^2
