

Perimeter with composite rectilinear shapes

Task A: Strange staircases

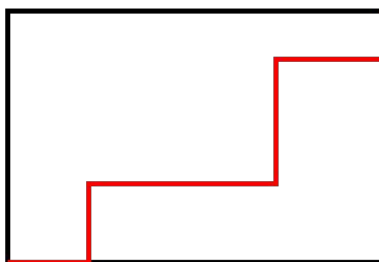

1) The perimeter of each rectangle is 26 cm.

How long is the red line each time?

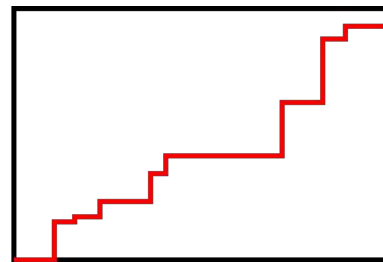

a)

b)

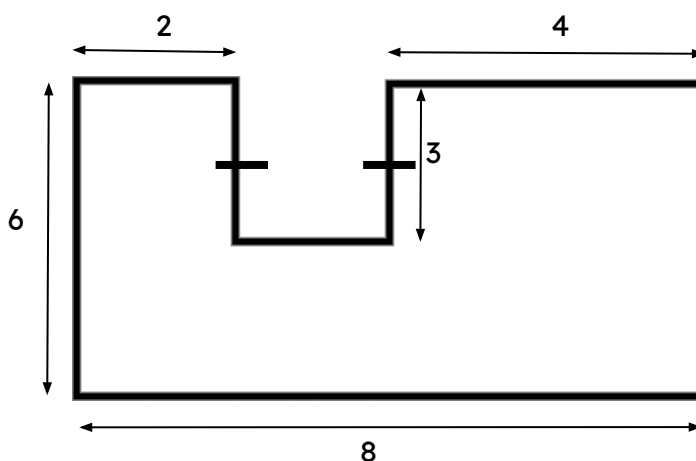

c)

Justify your answer.

Task B: More composite rectilinear shapes

1) Try to rearrange these sides to create a rectangle.

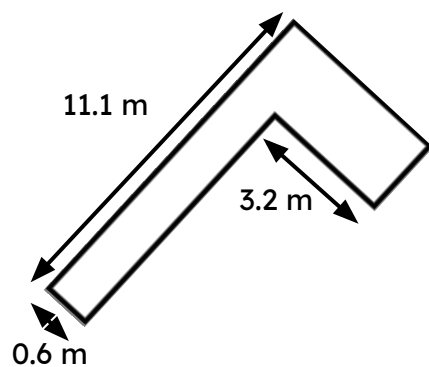

Evaluate how easy this is to do.

Task C: Perimeter calculations

1) Calculate the perimeter.

a)

b)
