

Area of a triangle

1 What type of shape is this? Tick **1** correct answer

- ☐ equilateral triangle
- ☐ isosceles triangle
- ☒ right-angle triangle
- ☐ scalene triangle

2 What type of shape is this? Tick **1** correct answer

- ☒ equilateral triangle
- ☐ isosceles triangle
- ☐ right-angle triangle
- ☐ scalene triangle

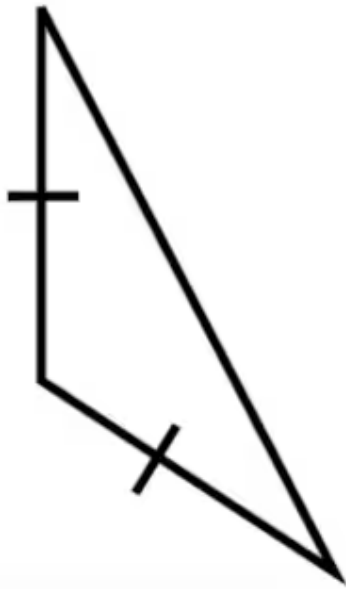

3 What type of shape is this? Tick **1** correct answer

- ☐ equilateral triangle
- ☐ isosceles triangle
- ☐ right-angle triangle
- ☒ scalene triangle

4 What type of shape is this? Tick **1** correct answer

- ☐ equilateral triangle
- ☒ isosceles triangle
- ☐ right-angle triangle
- ☐ scalene triangle

5 True or false? In order to calculate the area of a shape, you sum the side lengths of the shape. Tick **1** correct answer

- ☐ True
- ☒ False

6 The angles in a triangle sum to 180 degrees Fill in the blank
