

Surface area of cuboids

- 1 Select the correct value and units of measure that represent the area of this rectangle.
Tick 2 correct answers

- ☐ 25
☐ 50
☒ 144
☐ cm
☒ cm^2

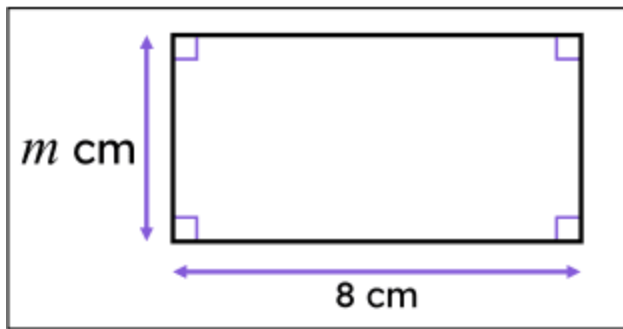

- 2 Which of these statements about this shape are correct? Tick 2 correct answers

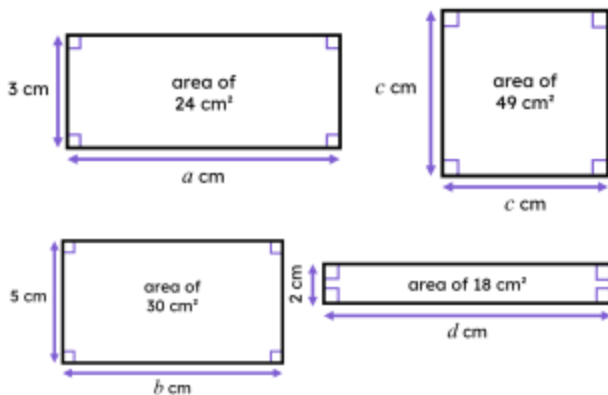

- ☐ This shape is a trapezium.
☒ The perimeter of this shape is 100 cm.
☐ The perimeter of this shape is 625 cm.
☐ The area of this shape is 100 cm^2 .
☒ The area of this shape is 625 cm^2 .

- 3 The area of this rectangle is 40 cm^2 . The value of m is 5. Fill in the blank

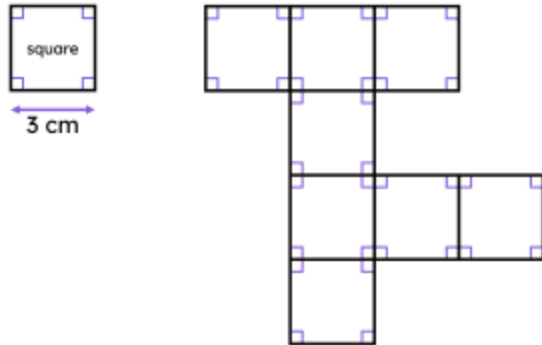

- 4 Starting with the smallest, put the value of each of the four missing lengths (a , b , c , d) in order of size. Use numbers to show the correct order

2	c
4	d
1	b
3	a

- 5 In this picture, the square on the left is congruent to each of the squares in the diagram on the right. The area of the diagram on the right is 72 cm^2 . Fill in the blank

- 6 In this picture, the rectangle on the left is congruent to each of the three rectangles in the diagram on the right. The area of one rectangle is 72 cm^2 . Fill in the blank
