

Checking understanding of plotting coordinates

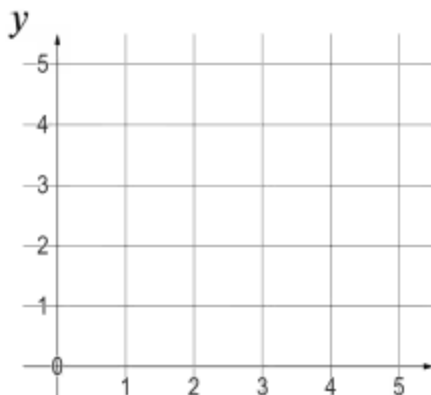

1 Which word best describes this: $(4, 1)$ Tick **1** correct answer

- ☐ A coordinate
- ☐ The number 4.1
- ☐ A ratio
- ☐ A fraction

2 Which of these best describes the purpose of a coordinate? Tick **1** correct answer

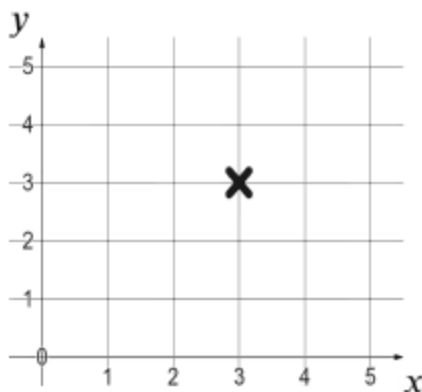

- ☐ It coordinates the order in which we do our operations.
- ☐ It adds numbers together.
- ☐ It uses numbers to uniquely determine the position of a point in space.

3 One of our axes is missing a label. What should it be labelled? Tick **1** correct answer

- ☐ The horizontal axis
- ☐ The vertical axis
- ☐ x
- ☐ y

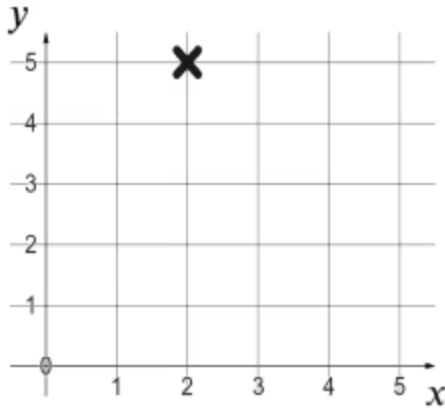

4 What is this coordinate? Tick **1** correct answer

- ☐ (3)
- ☐ (4, 3)
- ☐ (3, 3)
- ☐ (3, 4)

5 What is this coordinate? Tick **1** correct answer

☐ (5, 2)

☐ (2, 5)

☐ 5.2

☐ 2.5

6 Which of these are properties of a square? Tick **3** correct answers

☐ has exactly three sides

☐ is a quadrilateral

☐ has 4 equal length sides

☐ all interior angles are 90 degrees

☐ opposite sides are not parallel
