

Name: _____

Checking understanding of plotting coordinates

Task A: Plotting coordinates in the first quadrant

1) The coordinate (0,0) where the x and y axes cross is called the _____.

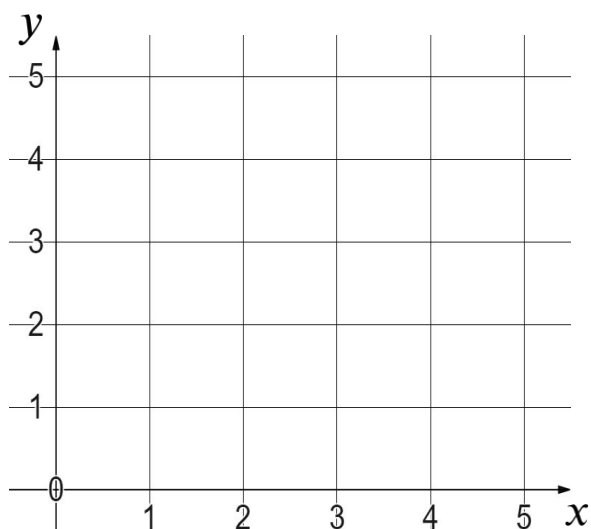

2) **Plot** these coordinates and label them:

(3,5)

(5,3)

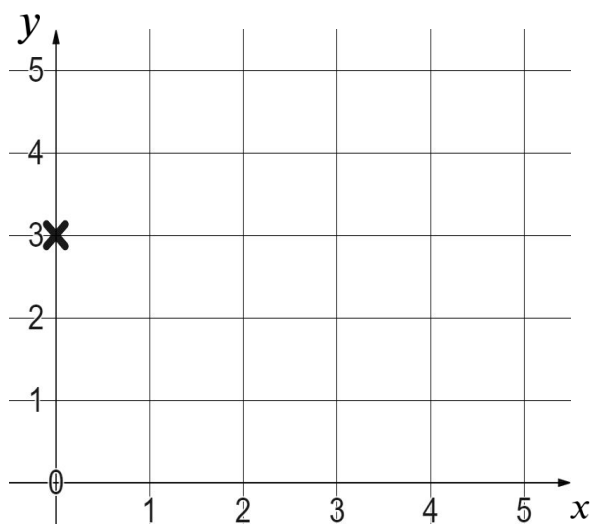

(5,5)

(0,5)

3) Izzy **plots** the coordinate (3,0).

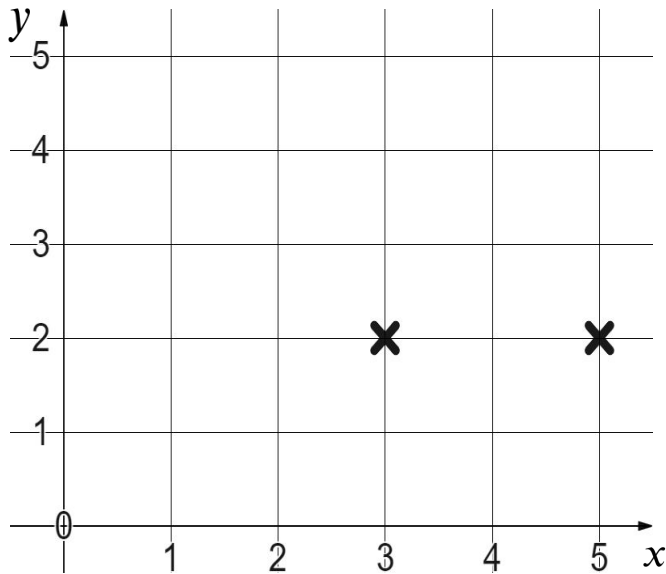

Write a sentence to explain her error.

Task B: Using coordinates to plot shapes

1) The first two coordinates are (3,2) and (5,2)

Which other coordinate pairs would form a square?

Task C: Translating shapes

1) Why will the below not create a **translation** of rectangle ABCD?

A (1,5) $\longrightarrow$ (4,5)
 B (1,1) $\longrightarrow$ (3,1)
 C (2,1) $\longrightarrow$ (5,1)
 D (2,5) $\longrightarrow$ (5,5)
