

Rotating objects

1 Match the size an angle in degrees to its description. Write the correct letter in each box

a	90°
b	180°
c	270°
d	360°
e	540°
f	630°

c	a three-quarter turn
d	a full turn
a	a quarter turn
e	a one-and-a-half turn
f	a one-and-three-quarter turn
b	a half turn

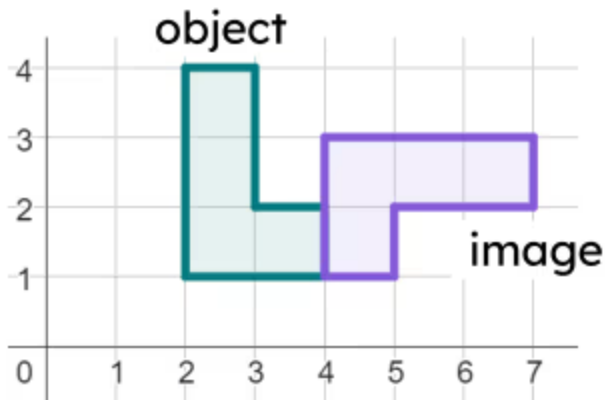

2 Which of these is an accurate description for this rotation? Tick 2 correct answers

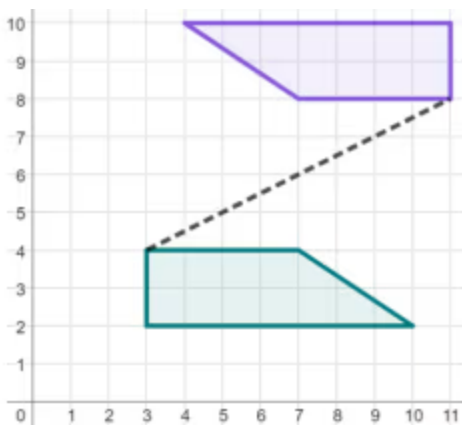

- ☒ Rotated clockwise by 90°.
- ☐ Rotated clockwise by 270°.
- ☐ Rotated anti-clockwise by 90°.
- ☒ Rotated anti-clockwise by 270°.

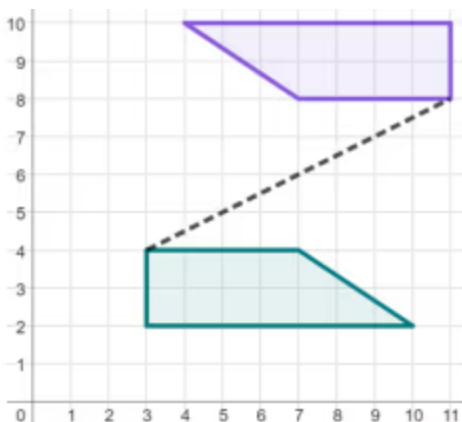

- 3 What is the centre of rotation for this rotation? (4, 1) Fill in the blank

- 4 This object has been rotated clockwise. By how many degrees did this object rotate? 180
Fill in the blank

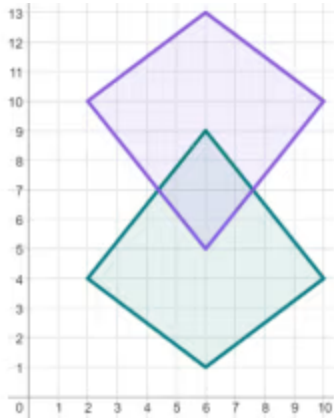

- 5 A pair of corresponding vertices on the object and image are joined with a line segment. Join a second pair of vertices to find the coordinates of the centre of rotation. Tick **1** correct answer

- ☐ (3, 4)
☐ (11, 8)
☐ (7, 4)
☒ (7, 6)
☐ (9, 7)

- 6 This object has been rotated by 180° . The image overlaps its object. Find the coordinates of the centre of rotation. Fill in the blank

(6, 7)
