

Multiplicative relationships

Task A: Connecting numbers multiplicatively

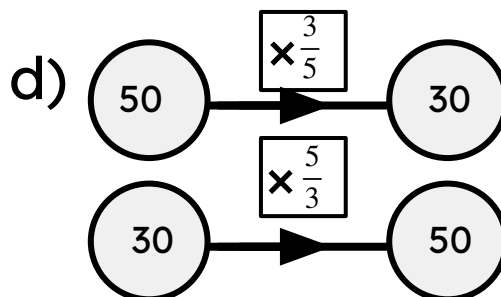

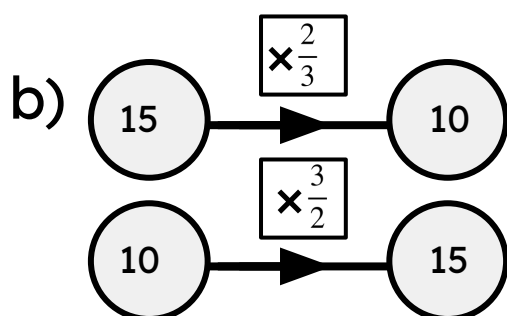

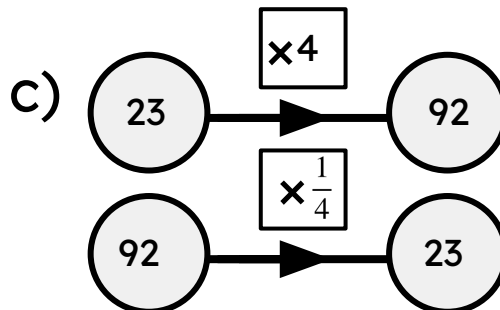

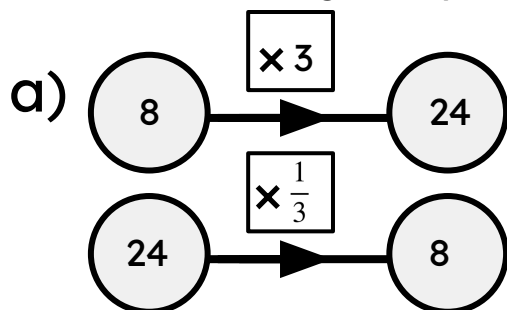

1) Work out the multipliers for the following pairs of numbers.

2) Fill in the table.

A	B	Multiplier A to B	Multiplier B to A
2	4	2	$\frac{1}{2}$
5	20	4	$\frac{1}{4}$
4	6	$\frac{6}{4} = \frac{3}{2}$	$\frac{2}{3}$
5	1	$\frac{1}{5}$	5
0.2	1.2	6	$\frac{1}{6}$

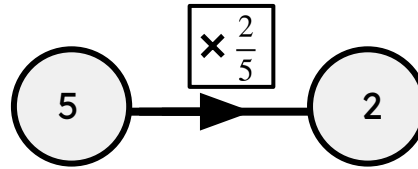

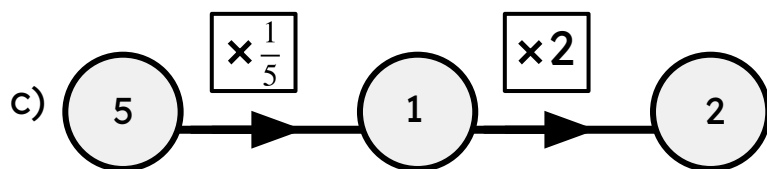

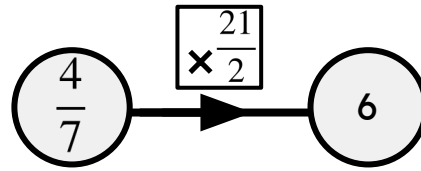

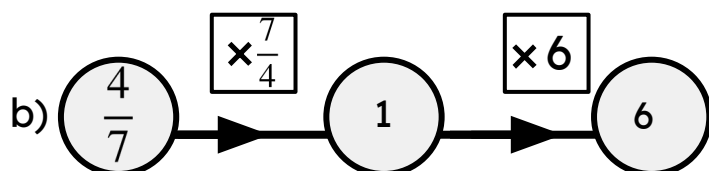

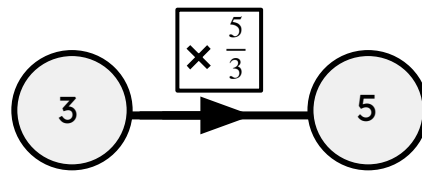

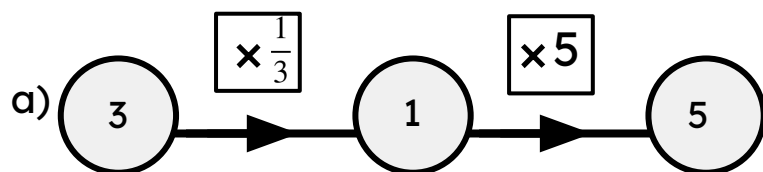

3) Fill in the missing multipliers.

Task B: Efficiently calculating a single multiplier

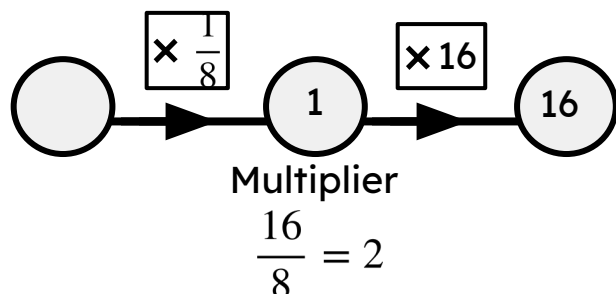

1) Here are functions machines with at least two multipliers.

Work out the single multiplier that connects each number.

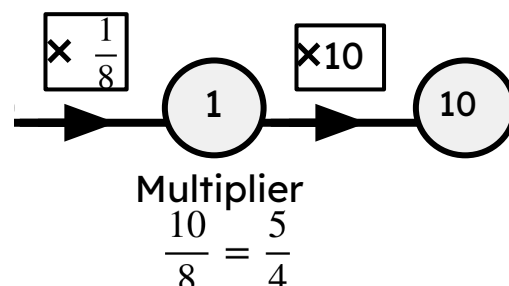

2) Write the number in the box to make the calculation correct. You can use the functions machines to help.

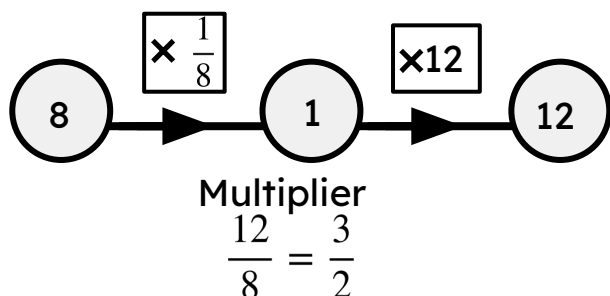

a) $8 \times 2 = 16$

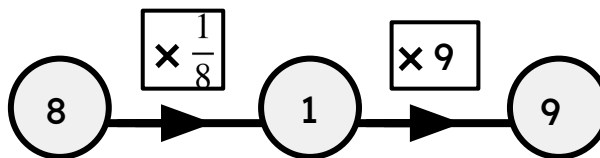

c) $8 \times \frac{5}{4} = 10$

b) $8 \times \frac{3}{2} = 12$

d) $8 \times \frac{9}{8} = 9$

3) Fill in the blanks.
